Sortheim

Press kit: fact sheet

Screenshots that sort themselves.

Sortheim sorts the screenshots on your iPhone: a date goes to Calendar, a task becomes a reminder, a place opens in Maps. Then the original can go and what it said stays.

PLATFORM
iPhone and iPhone Duo, requires iOS 27

SORTING
Automatic with Apple Intelligence, pre-sorted by keywords on other iPhones

CATEGORIES
Task, Event, Product, Recipe, Place, Quote, Read, Other

TIDY UP
Delete the original, keep what it said; Recently Deleted holds it for 30 days

EXPORT
Markdown and CSV, plus search and labels

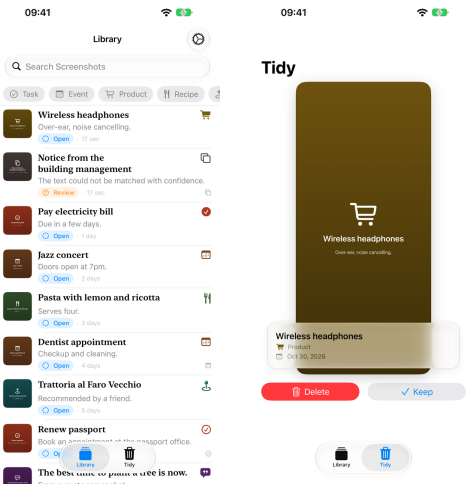

WIDGET
Tidy widget for Home and Lock Screen (numbers only)

PRIVACY
Sorted only on your iPhone. No account, no server

PRICE
One-time purchase, no subscription and no in-app purchases

LANGUAGES
German, English and 14 more

DEVELOPER
appolution, an indie studio from Germany
